58 MEN CALLED.

More Fulton County Boys Will Go To Camp Taylor, June 24th.

The Local Board of Fulton County received orders Saturday to send 58 more men from this county to Camp Taylor, who are to be entrained at Hickman on the morning of Monday, June 24th. Of this number, 41 are white men and 17 negroes. The negroes were sent out yesterday--on rush orders. The white boys will report here not later than 4 o'clock Sunday afternoon, the 23rd. Those called are as follows, except the last four named are extra--and to be used only in case the total number called does not show up.

We give their county address rather than present postoffice address, as some of them are away from the county in various pursuits:

THREE IN JAIL.

Charged With Stealing Two Automobiles in This County.

John Shanks, T. D. Carey and Fred Murphy are in the county jail at Hickman, in default of bond, charged with stealing autos at Fulton, in the east end of the county.

Shanks and Carey are charged with stealing J. C. Ellison's Ford car some three weeks ago, while it stood on the streets of Fulton. The car was later found at a Tennessee town, some 40 miles from Fulton, where it had been sold to a garage man for \$400.

All three of the men are held on charge of later taking a car owned by a Mr. Davis, at Fulton.

Shank's bond was fixed by Judge Stahr at \$200; Carey's at \$500, and Murphy's at \$300--or the trio at \$1,000. They will be tried at the September term of Fulton circuit court.

IN MEMORIAM.

In loving memory of our dear little "Duddle." The only child of Mr. and Mrs. Jim Holcombe, who passed away June 15, 1918.

She made no one a last farewell.
She said good-by to none,
Her loving heart had ceased to beat
Before we knew that she was gone:
She is gone but not forgotten.
Her memory shall never fade.
Loving hearts shall always linger
Round the grave where she is laid.

By one who loved her.

Wanted: All kinds of timber, all sizes and lengths, anywhere and in any quantity; also railroad ties. The Govt. needs this material. Do your part.--C. M. Adams & Son, Agent, Hickman, Ky.

H. HAYNES DEAD.

Well Known Citizen Hickman Victim of Tuberculosis, June 12.

Homer Haynes, a well known and highly respected citizen of Clayton, died at his home in that vicinity last Wednesday night, June 12, following a protracted illness of tuberculosis. Mr. Haynes was born in the vicinity of Clayton, Tenn., and was 38 years and 10 months of age. He had resided in Hickman for several years, and was formerly a foreman of one of the departments of the Mengel Box Co. factory, but was forced to give up his position on account of ill health.

Mr. Haynes is survived by his mother, wife and three children, a sister, Mrs. Ed Powell, and probably others. This family has had its share of sorrow in the past two years. Mrs. Haynes lost both her father and mother last year, and two years ago a brother of Homer's was drowned in Reelfoot Lake.

The remains were interred at Antioch Friday, with brief funeral services held at the grave. Deceased was a member of the Methodist church and had many friends to mourn his loss.

A special call meeting of Hickman Royal Arch Masonic chapter will be held on Friday evening, July 28th, for the purpose of conferring degrees. Members are requested to make arrangements to attend.--W. F. Remmenberg, Sec'y.

B. G. Hale, Sr., Percy Jones and B. F. Mayers motored to Paducah Sunday.

The Liberty Belles Coming Here on the Last Night of the Chautauqua

The grand concert by the Liberty Belles, a singing orchestra of nine, on the last night of the Chautauqua will be one of the big events of the week. As a singing organization the girls present a chorus, a quartet, a duo, a soprano and contralto soloist. They give a wide variety of songs, old-time favorites, medleys, lullabies, and popular selections, featuring the late and lively patriotic songs which the soldier boys are now singing in all of the army camps. Humorous novelty sketches, introducing character songs, readings, impersonations and pianologues are all cleverly given, adding to the wide variety of the company's work.

The Junior Missionary Society met at the Methodist church Sunday, June 16, at 2 p. m. with large attendance. A splendid program was rendered. Richard Goulder gave a recitation and Miss Emma Douglass entertained us

with a reading about "Little Folks of Japan." Eleven new members were added to the roll. The contest between the Reds and Blues remains very interesting, the result at present being even. Walker Reeves will be leader

of the meeting next Sunday at 2:30 p. m.--Maggie Choate, Publicity Supt.

RESIDENCE BURNS.

Mose Amberg Homestead--Occupied by R. V. Putnam and W. N. Phebus.

Fire practically destroyed the old Mose Amberg residence, containing six rooms, near the business section of Hickman, Tuesday at noon. The fire originated from a cranky coal oil stove in the kitchen of Mrs. R. V. Putnam, who had just finished baking bread in the oven and turned down the wick. When the blaze began to flare up Mrs. Putnam threw a bucket of water on it, which only caused the fire to spread. She phoned to the fire department, then took her little son to a place of safety. In a few minutes the entire east side of the house was a mass of flame and all that was saved for the Putnam family was a sewing machine and a bedstead.

The west half of this residence was occupied by W. N. Phebus and wife. A considerable portion of their household goods was saved, though much of it was damaged or broken in getting out.

The fire department responded promptly to the alarm, and did well to save the adjoining property, as the house destroyed was an old frame building and burned like straw.

Mr. Putnam carried \$800 insurance on his household goods and practically lost everything.

Mr. Phebus carried \$250 insurance. The residence was insured for \$1200, and was owned by Mrs. M. Amberg, who now resides at Mayfield.

LADIES ORGANIZE.

District Chairmen of Ladies W. S. S. Committee Are Appointed.

Women's war committee, who in turn will name their assistants, for the big drive which starts next week. The district chairmen are as follows:

Hickman College--Mrs. Adrian McIntree,
Cayce--Mrs. C. W. Fowler,
Sylvan Shade--Mrs. A. C. Bacon,
Roper--Mrs. Ernest Treas,
Walnut Grove--Mrs. M. A. Head,
Stubbs--Mrs. S. N. Sweeney,

400 BABIES HERE.

Census Shows that Hickman Has 184 Boys and 216 Girls.

The committee in charge of taking weights and measures of Hickman infants for the government, compiled a census of the children of Hickman under six years of age, which shows that we have an even 400--which is the "sweet 400" of Western Kentucky. There were 184 bright baby boys and 216 of the sweetest little girls in the world--or 32 more girls than boys.

As stated before, the taking of the census, weights and measures, is for the purpose of laying the foundation for healthier babies and consequently stronger and finer citizenship in the future, which the Government is undertaking in a nation-wide movement.

PICNIC POSTPONED.

Judge E. J. Stahr, chairman of the St. John's Day Organization of Fulton county, advises us that the committee has decided to postpone the big Masonic picnic and fish fry, which was to have been held tomorrow at Willingham Bridge. This action was taken on account of so many farmers being behind with their work and in the harvest; also, on account of the extreme hot weather.

It is planned to hold the affair some time during July, the date to be announced later.

Good Cream, good Sodas and refreshing soft drinks of all kinds at the Hickman Drug Company.

The clothes to buy now

In these times every one consults his conscience when preparing for his immediate and future needs.

Hoarding is contrary to the public good. Intelligent economy is a patriotic duty.

Many men need clothes now. Buy for a reasonable time ahead but don't hoard.

You will practice intelligent economy if you go to the Styleplus store and buy a Styleplus suit at \$21 (green label) or \$25 (red label). These clothes were delivered this season but the materials were bought under previous market conditions. Each grade is the same price the nation over.

For your assurance we announce that Styleplus suits for the coming Fall season will be made in two grades \$25 and \$30; Styleplus overcoats in three grades \$25, \$30, and \$35.

Get the Styleplus habit. You will wear stylish serviceable clothes at prices that permit thrift and destroy the temptation to hoard.

You know the price today and we tell you now the prices for the coming Fall season.

Look for the Styleplus label in the coat \$21--Green Label \$25--Red Label

W. S. S. DRIVE.

Big Drive for \$300,000 in This County Will be on Next Week.

All plans for the big War Savings Stamp drive in Fulton county have been perfected.

The drive starts next Monday and ends on the 28th. Fulton county must sell \$300,000 worth of baby bonds as its quota.

C. B. Travis is the county chairman of the W. S. S. committee of the county.

A permanent organization for all future drives in connection with war work has been perfected under the auspices of the Fulton county branch of the Kentucky Council of Defense, of which Mayor A. O. Caruthers, of Hickman, is chairman, and E. C. Rice, of Fulton, assistant chairman. Mr. Rice, of course, will manage the drive east of the M. & O. Ry. The sub-chairmen, or chairmen of each school district, have been appointed to serve through the remainder of the war period, and will have charge of the sale of war stamps in their respective districts, co-operating with the lady chairmen of such districts, whose names are printed in another column. These chairmen as well as the amount assigned to each district, are as follows:

W. H. Baltzer, Hickman College district, \$82,000.

Mayor H. P. Johnson, Cayce, \$14,000.

J. M. Roper, Sylvan Shade, \$12,000.

Walter Luten, Roper Dist., \$8,000.

T. A. Kelly, upper bottom, \$2,000.

Will Rice, Stubbs, \$3,000.

Crit Bondurant, Montgomery, \$7,000.

Chris Ledwidge, Fair View, \$4,000.

Henry Pollock, Graves, \$3,000.

W. A. Nipp, Sycamore, \$2,000.

Tom Bone, Blue Pond, \$2,000.

J. H. Wells, Suss, Ridge, \$4,000.

J. H. Royer, Island No. 8, \$500.

J. R. Adams, Mad. Bend, \$600.

Sam Andrews, Beech Grove, \$3,000.

Solon Johnson, Bondurant, \$2,000.

John Kingston, Tyler, \$1,000.

These amounts total \$150,000, which we must raise in the western half of the county. Each chairman may appoint his assistants.

A meeting will be held at the house in Hickman for making final plans for each chairman, both of whom are expected to attend. They will receive their supplies.

Stamps may be bought at the following stores in Hickman (also at each of the stores at Cayce):

Baltzer & Dadds Dry Goods Co., R. L. Bradley, Cowgill's Drug Store, E. Dobson, E. R. Ellison, W. T. Grissom, Helm & Ellison, Hickman Drug Co., Hickman Hardware Co., Hickman Joint Stock Co., D. P. Leibovitz, Chas. H. Moore, S. M. Naifeh, E. C. Rice, Smith & Amberg, Sullivan Bros.

Pursuant to a proclamation by Pres. Wilson, every adult patriotic American, is called upon to meet at the school house in his or her district at 2 o'clock Friday afternoon, June 28.

You are expected to attend. The school officers will conduct the meeting in each school house, keeping a record of the proceedings and reporting the names of all persons present and the amount of War Savings Stamps subscribed for by them. The names of absent persons, and of those who refuse or neglect to subscribe, with their reasons for so doing, will also be reported.

War Savings Stamps (which are United States Government bonds the same as Liberty Bonds) can be paid for during any month in the year 1918, but it is intended that the subscriptions will be signed for them on or before June 28th.

The price of each War Savings Stamp depends upon the month during which it is bought. During June each stamp will cost \$4.17. In July each stamp will cost \$4.18, and so on, one cent more each month during 1918.

On January 1, 1923, the Government of the United States will redeem all War Savings Stamps at \$5.00 each, no matter during which month in 1918 they were bought. They cost less during the early months in 1918 than during the latter months because the person who buys earlier loaned his money to the Government for a longer time than if he should buy later.

The law provides that no person can hold in his own name War Savings Stamps exceeding \$1,000 maturity value. War Savings Stamps, however, may be purchased for other members of the family, including minor children.

The money invested in War Savings Stamps is not a gift, or a donation, but is a loan to the Government. It will all be paid back with 4 per cent compound interest. If, because of some serious financial reverse, or calamity, it should be necessary to get your money before January 1, 1923, you may do so by giving ten days' notice to any Money Order postmaster, in which case you can get what you paid for the Stamps, with interest to date of payment. The Stamps are free from all State and local taxes; when registered at the postoffice they are

insured against loss; they are backed by all the property in the United States; they cannot fall in value below the price you pay; they are as convenient and as well paying an investment as has ever been offered by our Government.

Hickman and the west end of the county has never failed to go over the top on all other drives. Let us continue to live up to this splendid, patriotic standard.

PULLEN'S COMEDIANS.

Pullen's Comedians, which opened a week's engagement here Monday, under canvass, is being liberally patronized. The company is composed of twenty-five people, and they have real artists in the personnel who are high class entertainers. Their vaudeville and musical numbers are especially good and are making a hit with showgoers. Their last performance will be given Saturday night.

When you buy War Savings Stamps you do not give—you receive.

Gaulder Johnson and A. M. Alexander were in Louisville first of the week.

Dee Henry and Judge W. B. Amberg were in Louisville on business first of the week.

Misses Elizabeth Pewitt, of Fulton, and Mary Phebus, of Union City, are visiting Miss Martha Moore.

Messlames Emma McKeel, of Mayfield, H. Porter and children of Hillsboro, Texas, and Miss Ruth Edwards of Mayfield, are visiting Mrs. D. B. Wilson.

Mrs. Rebecca Peavler has returned home after a visit to her daughter, Mrs. Marie Thraillkill, of Blytheville, Ark. She was accompanied home by her daughter.

Joy-riders will soon be paying 52c a gallon for gasoline—if they buy it in Hickman. A 25c a gallon war tax is to go on every gallon of gasoline used in running cars for pleasure—and your Uncle Sammy will know dead to right whether its business or pleasure trips you take.

20 NEGROES LEAVE.

Fulton County Draftees Left Yesterday For Camp Taylor.

Twenty Fulton county negroes were called to the colors this week, leaving yesterday morning for Camp Taylor. The call was for 17, but three others were due to go and left with the regular increment, as follows:

Bob Carr, Fulton.
Henry Diggs, Hickman.
Clifton Walker, State Line.
Percy Fields, Fulton.
Dupree Rosson, Hickman.
Will Allen, Hickman.
Carl Jackson, Hickman.
Lewis Climmoms, Hickman.
Luther Wedington, Hickman.
Joe Gidden, Hickman.
Jeff Johnson, Hickman.
Harrison Ballard, Hickman.
Charles Williams, Fulton.
Finis Wilson, Hickman.
Walter Alexander, Cayce.
Dave Teague, Fulton.
Duhlap Purvine, Hickman.
Dick Gray, Fulton.
Walter Wheeler, State Line.
Sandy Caldwell, Hickman.

The squad left in charge of Charlie Williams, of Fulton. Among those called were several who failed to report and will be treated as deserters. They were, Gentry Green Flowers, Hickman; Walter J. Williams, Hickman; Willie Miner, Hickman; Frank Hartsell, Fulton.

Wm. M. Holmes was excused, as was also Tom Hughes; and Chas. Barnes was transferred.

Mrs. M. B. Phenney of Tampa, Fla., has returned home after a visit to R. R. Burnett and wife.

Miss Mary Tempa Burnett left Wednesday for a visit to Mrs. J. Frank Chambers of Owensboro, Ky.

W. J. Harper, wife and son, John, have returned home from a trip to Buffalo, Niagara Falls and other points.

Rev. H. M. Crain and daughter, Miss Virginia, are in Martin this week attending the West Tennessee B. Y. P. U. Assembly.

SWEEPING CHANGE.

Registrants Engaged in Non-Productive Callings Must Change Up.

After July 1, all registrants in class 1, 2, 3 and 4, who are idle or engaged in nonproductive occupations, are going to be re-classified. Idlers, of course will be inducted into service. Others will get a hearing before the local board and be given a chance to show cause, if any, why they should not engage in productive occupations—farming and other necessary industries. In the present emergency, it is not possible for the government to extend the protection of deferred classification to registrants engaged in non-essential work. The government therefore makes it plain that registrants in deferred classes must either render effective service to the nation in the matter of labor or enter the military service, unless substantial financial loss, hardship or physical unfitness forbids.

The government classes as nonproductive occupations:

1st—persons engaged in serving food, or drink in public places, hotels, clubs, etc.

2nd—Attendants, passenger elevator operators, footmen, etc., in hotels, stores, office buildings, etc.

3rd—Ushers and attendants with shows, amusements, etc.

4th—Persons employed in domestic service.

5th—Sales clerks and other clerks employed in stores and other mercantile establishments.

Articles 1 and 5 will effect quite a few registrants in Hickman. In due time each man will receive notice to appear before the local board and be heard on this subject, if he cares to be heard. Otherwise, he must change his occupation to that of a productive one.

The members of the W. C. T. U. are requested to meet with Mrs. S. M. Hubbard, next Monday afternoon, June 24, at 4 o'clock. As there will be important business, a good attendance is desired.

Plowing Hills, Hummocks and Corners

YOU should know the wonderful flexibility of the Parrett tractor.

The front axle is supported on a pivot that allows this axle to swing freely up and down, making it possible for the tractor to go fearlessly and freely over hills and hummocks and to adapt itself readily to rough, uneven ground. In addition, its extremely short turning radius enables it to plow right into the corners of the field.

You may be sure that the Parrett will do the work on your farm. Even the tough sod of the North and the rice swamps of the South have held no terrors for the Parrett. Under these extremes of soil conditions it has pulled three 14" bottoms steadily day in and day out at a speed of 2 1/2 miles per hour.

The Parrett can run a 20 to 26 inch separator or do any other kind of power chores demanding equal power. It burns kerosene—and that means all of the kerosene, burning it economically and efficiently. Furthermore, it has a sensitive ball governor that Hooverizes the fuel at every change in speed or power requirement, making it impossible to use more fuel than is needed for the job in hand.

And it will only take one man or one boy to operate both the Parrett and the implement behind it. It is self-steering in the furrow. No special hitch is required to work with Parrett power. It is just a good common-sense, mighty efficient power unit for all kinds of work on your farm.

Let us prove it further by giving you a demonstration. Anytime you say.

Help your Government and yourself at the same time—buy War Savings Stamps.

The passing of the American hobo is one thing the war has done for which we all should be thankful.

The time once was when the town dog was everybody's pet. But since he has betrayed his trust and has become a common sheep-killing dog, he is doomed. Besides, a dog is now a luxury that few Hickman people can indulge in.

We have in the army a lot of high-grade young men who are serving the government for the pitiful sum of \$50 per month, while men of less capacity at home are getting hundreds of dollars on account of the war. When these fellows are asked to help the Red Cross or Young Men's Christian Association, they "straight-way begin to make excuses," and put off the appeal with a pitiful little contribution of one dollar and stick a button on the coat and seem to say, "Just see what I am doing."

Summer Furniture

We are showing an elegant, high class line of porch furniture. These articles will make your porch a delightful spot to spend the sultry days—with all the comfort of a drawing room. We have, in the famous, weatherproof FIBER MATERIAL, comfy chairs, nicely upholstered, also the same in rockers with magazine racks built-in; tables, secretaries, settees, etc., all to match. You may buy this furniture either single articles or in sets. Let us help to make your "out-door, porch life" worth while.

BIGGEST KY. CROP.

Fulton Countian Harvests Largest Individual Wheat Crop.

Chester T. Bondurant, of Hickman, doubtless has the distinction of harvesting the largest individual wheat crop in the state of Kentucky, which was finished this week in good shape. This crop was 900 acres, located in the fertile bottom, west of town, and Mr. Bondurant says he will certainly thresh as much as 30,000 from the 900 acres, or an average of better than 30 bushels to the acre.

He started into the harvest with nine binders, and the machines ran well into the night, in order to take advantage of the good weather. While harvest hands were scarce, he made it interesting by paying up to \$5.00 a day for good hands. It might also be mentioned that in breaking ground for this wheat crop, Mr. Bondurant equipped his tractors with electric headlights and ran night and day.

ALSO GROWING ALFALFA.

The farmers of the east end of the county are also growing alfalfa, although a few years ago it was considered among the things impossible. The Fulton Leader says:

"The County Agent recently brought us a sample of alfalfa 42 inches in length. This is a variety known as Grimm and was grown of the farm of Mr. John Wade. It seems to be doing better than the Dakota 30, sowed by the other men, although it has been satisfactory, making from one to two tons at a cutting."

TESTED AND PROVEN

There is a heap of solace in being able to depend upon a well-earned reputation.

For months Hickman readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit?

J. S. Belt, 607 Troy Ave., Hickman, says: "I was taken with a sharp pain across the small of my back, which bothered me a lot when I bent over. Through an acquaintance I learned of Doan's Kidney Pills and bought a box at Helm & Amberg's Drug Store. I got the very best relief and I am glad to say a good word for Doan's Kidney Pills."

MESSAGE IN BOTTLE.

Elmo Allen, colored, fished a bottle out of the river Thursday afternoon, which contained a sheet of army Y. M. C. A. paper with the following message written on it:

Jefferson Barracks, Mo.
June, 9, 1918.

To whom it may concern:
"While wandering along the Mississippi river, we chanced to find this bottle and thought we would write a letter to the one who found it. We are two soldier boys at Jefferson Barracks, and expect to leave tomorrow for the coast and the front, so please some kind hearted soul remember that soldier boys get lonesome and we would appreciate a letter. We are in the Coast Artillery and both from the same town, so send the answer to Robt. W. McDonald, 911 N. 6th St., Lafayette, Ind.; also to Albert Baunias, 1501 Union St., same city. Remember we are doing our bit, so try to cheer us before we go over—maybe never to return, as we are often told."

DESERVES A GOLD MEDAL FOR THIS.

Cincinnati authority tells how to dry up any corn or callus so it lifts right off.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.

A quarter of an ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

Three hundred and fifty thousand bales of enemy owned cotton, seized by Federal Agents, were auctioned off at New York City Saturday at from 28 3/4 to 31 3/8 cents per pound.

THINGS WORTH KNOWING.

National flowers are as follows: France, lily; England, rose; Ireland, shamrock; Scotland, thistle; Germany, cornflower; Canada, sugar maple; United States, golden rod and others; Egypt, lotos; Spain, pomegranate; Italy, lily; Russia, linden; Greece, violet; Saxony, mignonette.

In Saxon bord means shield. In the Viking ships each warrior hung his shield on the side of the ship opposite to him, and above the aperture of his oar. The Viking held the steer oar, which was fastened to the right hand side of the stern (stern is itself a construction of steer oar.) The right hand side of the ship thus became the steer side, and as bord came to mean the whole side where the shields or bords were hung, the right side came to be the steerboard (star board) side and the lower or lurking side became larboard.

ANCIENT VINTAGE.

Hickman Courier Ranks 6th Among State's Oldest Papers.

"Marse" Henry Watterson's Louisville Courier-Journal, the most noted newspaper in the United States, under the caption of "Old Lady Column," tells us there are only 16 newspapers in Kentucky, which were established before the Courier-Journal and are still in existence. The Hickman Courier is one of them, and ranks 6th in the list, as follows:

Fruit in Kentucky suffered from the severe winter. Many peach trees were partially or entirely killed by the cold and raspberries and blackberries suffered similarly, though not so seriously. Apples promise a fair crop. Pears from one-third to one-half crop.

RESOLUTIONS OF RESPECT.

Hickman, Ky., June 8, 1918.
At a special meeting of the Directors of the Hickman Bank & Trust Co., the following resolutions were adopted:

WHEREAS, our respected President, William Catlett Johnson, after a protracted illness of many weeks, departed this life on the 30th day of May, 1918;

Therefore, be it resolved that in the death of Mr. Johnson this bank has lost a faithful and efficient officer—one who had been connected with it in some official capacity from its organization, always discharging his duty well, and we truly feel the loss this bank has sustained in his death;

That we tender to his family sincere sympathy in their bereavement; that a memorial page be set apart in our records to his memory; that these resolutions be published in the Hickman Courier and a copy be sent to his family.

But it Needn't be a Tornado!

You may rest secure in your faith that no TORNADO—no regular rip-snorting twister—will ever come your way! PERHAPS! One can never tell. You will not DENY, however, that your property has to withstand many DESTRUCTIVE WINDS each year. Do you know that TORNADO policies incur many more losses from WIND STORMS than from genuine tornadoes? Windstorm policies are trifling in cost but they have lifted many a grievous burden from overweighed shoulders. It is NOT can I afford to? but rather can I afford NOT to?

BLOW FOR POSTMASTERS.

The repeal of the existing laws authorizing the payment of \$5 to postmasters for each recruit secured for the army, navy and marine service, has been recommended under the report agreed upon by the conferees on the postoffice appropriation bill. A large sum was paid to postmasters for this purpose last year. While many postmasters patriotically refused to accept pay for such service, others did so.

Mrs. S. Cohen and children, of Fulton, were guests of Mrs. Prather Curdin Friday.

Reports to the Provost Marshal General's office show that 744,865 young Americans registered for military service on June 5. This is 266,724 below the estimate of the Census Bureau, but since more than 200,000 unregistered 21-year-old men are in the service, the result is found satisfactory.

BILLY SUNDAY'S RIVAL.

Billy Sunday apparently has a rival in the Kentucky evangelist who closed a prayer at a revival meeting thus: "And now, O Lord, we ask Thee to bless thy servants, the President of the United States, the King of England and the President of France, but—excuse me, God—to hell with the Kaiser."

After all, saving is not sacrificing.

Henry Ford has decided to accept the Democratic nomination for Senator in Michigan. Now if he can get his own party to nominate him he can crank up and rattle away.

It is all too true that the man who is most insistent on advertising himself as a patriot quite often shows up a few months later in the line of those who are extremely anxious to associate themselves with fine, large salaries and increased business.

LAW AND THE PROFITS.

Since a regular "war-whoop" from "somebody with a loud voice" on the subject of profiteering was called for by a Western writer, the President has spoken so effectually that conscription of war-profits will almost certainly furnish the principal part of the new war-taxes. A year ago the radical element in the Senate were defeated when they attempted to raise the funds necessary to carry on the war by levying chiefly on those who are making money out of it. But President Wilson's denunciation of profiteering in his address to Congress on May 27 has been taken to mean in Washington that he has "swung himself into line for the principle which so-called radicals proclaimed themselves almost a year ago." And, we read in a New York Sun dispatch, "with the backing of the Administration a sizable majority can doubtless be obtained for almost any schedule on taxrates or war-profits which the country can stand."

Under the existing law, correspondents note, the profit tax gives about 30 per cent. of the total yield, but it is expected that at least 70 per cent. of the yield under the new measure will come from levying on profits. Chairman Kitchin, of the House Ways and Means Committee, has pointed out that more than \$3,000,000,000 could be raised on incomes and excess profits in addition to the present levy.

Conservative Eastern dailies suggest that a goose which lays such golden eggs ought to be kept alive as a revenue producer. "Profits which stimulate production should be maintained," says the New York Times, "both for the sake of the production and for the sake of the revenue."

But the demand for the slaughter of this particular bird would seem to indicate that in many quarters it is regarded as a bird of prey rather than as a necessary barn-yard fowl.

TALK AND RIDE

One May 'Phone Home While Speeding On Fast Train.

A successful test of a telephone communication between a train dispatcher's office and a moving train has recently been made by the Canadian Government. This has been accomplished before, but the present device embodies some features that are said to make it usable in a practical way. The track is used as a conductor, and the electrical current reaches the moving train through its wheels. The test was made between Moncton and Humphrey's station, New Brunswick, on the Canadian Government Railways. The apparatus was devised by a New York firm and a representative of the United States Government was present. Communication was set up not only between the dispatcher and the train, several miles away, but between the conductor and the engineer of the same train, and it is declared feasible to make a moving train a regular station on the lines of city telephone exchanges.

TO ENFORCE LICENSE LAW.

Mr. Claypool, of the Ky. Motor Vehicle Commissioner's office, was here the last of last week to find out if our people were observing the motor vehicle tax law. He found two cars owned in Kentucky carrying a Tennessee license tag and these gentlemen were fined, but the fines remitted, since the owners claimed they thought they were complying with the law. He expects to be back in a short time, in person, and all who are negligent in observing the law will be vigorously prosecuted—and no excuses will go. The law requires that your car carry a tag in both front and rear—a tag of 1918 vintage.

SUGAR LIMIT.

Town Folks Can Buy Only 2 Pounds; Rural Customers 5 Lbs.

Fred Sackett, state food administrator, has issued an order effective this week, as follows:

Retail sales of sugar for household purposes must be limited to two pounds to city and town residents, and five pounds to rural and county residents.

Retail sales of sugar for canning and preserving must be limited to twenty-five pounds at one time, and then only accompanied by a signed certificate on the Government form pledging the customer to use that particular sugar for the particular purpose of canning and preserving food.

Customers are expected to limit the use of sugar for household purposes to three pounds per month per person.

Manufacturers using sugar can only buy sugar through the Sugar Division of the Food Administration, from which Department they must secure sugar certificates. This applies to operators of soda fountains, candy, syrup, soft drink, and ice cream makers as well as every other article made in whole or in part of sugar.

In hotels, restaurants, and all public eating places sugar must be kept covered and closely watched at all times to prevent waste. Not more than two cubes of sugar to be served to each person for a pot or cup of coffee or tea, granulated or powdered sugar to be served by counter man, or waiter for berries, cereals and fruits.

The above regulations, some of which have been in force for several weeks, were made public and forwarded to all parts of the state upon receipt of urgent telegrams from Mr. Hoover at Washington, who wired that developments in the sugar situation in the last few days made increased conservation in sugar imperative. He stated that our difficulties for sugar arise out of the submarine situation, and the local of rice concludes that many of the ships recently sunk off our Eastern coasts were sugar laden. It is impossible to replace sugar destroyed in this way and is but one more evidence of the war brought home to our people. For each new effort to injure this country, the American people will only hitch their belts one notch together and this sinking of the ships is the cause of our tightening up on sugar conservation.

GIRLS! LEMON JUICE

IS SKIN WHITENER.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocery and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

MY, MY; HOW DRY.

The law prohibiting the importation of intoxicating liquor into dry territory in Kentucky is now in full force and effect. This, of course, includes the county of Fulton. The duty of every officer is clear. It will be much easier to enforce the law, since the fangs of the "personal use" privilege have been removed. Now if liquor gets in at all it is illegal; while previous to June 18 one might dodge behind the personal use clause when caught with the goods on—whether he be a user or a plain bootlegger.

From four to seven on Thursday afternoon of last week, Mrs. C. T. Bondurant was the hostess of an enjoyable "500" party, entertaining six couples. The house was all thrown open and profusely decorated in sweet peas, nasturtiums and poppies, the hand painted paper baskets, were served, with the decorations. After the games an excellent salad course, apricot ice, and salted nuts served in tiny hand painted paper baskets, were served. The guests were Mesdames Karl Tally, Robert Coffey, Tom R. Powell, C. M. Reynolds, Brantley Turpin, W. B. Amberg, B. G. Hale Jr., A. S. Birnbaum, Fred Maddox, Jessie Dillon, Russell Johnson, Henry Sanger, Edward Rice, Mack Reid, Delbert Choate, Milton Spradlin, S. D. Stenbridge, Ellis Dobson and Meses Nelle Bondurant, Carrie May Reid, Celeste Roberts, Bettie Louise Curdin, Annie Lee Brown and Frankye Reid. Mrs. James Blanchard, of Clarksdale, Miss., was an out of town guest.

ELECT DIRECTORS.

At the annual election of directors on the Hickman Board of Education, last week, F. T. Randle and Chas. Clark were elected to succeed Col. C. L. Walker and H. C. Barrett. H. L. Amberg, who was a member of the board, was re-elected.

B. G. Hale, Sr., spent Wednesday in Memphis.

J. R. Brooks spent the week in Cincinnati and Louisville.

Harry Barnes has returned from Paducah, where he enlisted in the naval reserve.

Attorney R. O. Hester came in this morning to be in the firm's office the remainder of the week.

During the recent registration of babies, only 110 babies are reported in Fulton; as against 400 in Hickman.

Mrs. W. A. Coulson and daughter, Margaret, of Mills Point, Miss., spent Thursday with B. G. Hale, Sr., and wife.

John Roney, who is running a newspaper at Kennett, Mo., was here the first of the week a guest of his brother, Judge Jas. W. Roney.

We are glad to report that Henry Davis, aged 77, and one of the Courier's oldest subscribers, has about recovered from a severe operation, which was undergone at Chicago a few weeks ago, and expects to be able to return home next Sunday.

Syd. L. Dodds finds himself in an unusual predicament. Having purchased the limit—\$1,000 worth—of W. S. stamps for himself and family, he continues to buy, upon solicitation, and now has about \$200 more than the Government allows any one person to own. He had purchased for himself and family \$4,200 worth of stamps—bpt is still anxious to do more in the coming drive—but how can he do so, without simply making a donation, which should not be asked?

NOT KNOWN HERE.

A telegram was received here yesterday by Postmaster Johnson, which reads as follows:

If deceased was from this section, as supposed by the Carbondale authorities, we are unable to learn particulars.

A SUGGESTION.

As chairman of the National Council of Defense for this county, I would like to say to the Committee who is in charge of the Redpath Chautauqua, with whom we made a contract a year ago to return here for an engagement, that I feel that we should see if arrangements cannot be made with them satisfactorily in which they will not come or if they should come, to have only the night program as the daylight of both men and women are too much needed and I would like for the fifty guarantee signers to pay their \$16.00 each and make it free to all, thereby releasing us from having to ask working people and others, mostly ladies to buy these tickets and request them to put this amount to more benefit, either by giving it to the Red Cross or by buying War Savings Stamps, as I feel that it is going to be hard to raise the \$300,000.00 that this county is assessed for this year on War Savings Stamps.

Very respectfully,

SYD. L. DODDS, Chairman,

National Council of Defense for Fulton County.

F. M. Gallimore returned yesterday from Puryear, Tenn., where he attended the funeral of his mother, who passed away at the age of 81 years.

Judge B. T. Davis, the government's legal representative for soldiers of this county, will deliver an address to the 41 drafted boys next Sunday afternoon, explaining their rights under the military laws, relating to insurance, family allowances, moratoriums, etc. This is a timely subject and should be heard by both those who are called and those who are liable to be called, in order that they may better understand how to arrange their business affairs to meet the emergency of their absence.

MEMORIAL SERVICE.

A memorial service will be held at the court house in Hickman, Sunday afternoon, beginning at 6 o'clock, in honor of the late Geo. Dewey Hutchens, of Hickman, who was the first Fulton county soldier killed in our war with Germany.

The program has not been arranged at the hour of going to press.

COTTON GIN FOR SALE.

On account of the accident I sustained and my health, and having sold my lands, and the connection I have and expect to have with the Government, I feel that it will be impossible for me to assist with the operation of our cotton gin this year and therefore we are offering it for sale at very reasonable prices.

In view of the fact that so many of the gins have burned recently and the extra high cost of rebuilding, think this gin is much needed here and should be operated to its fullest capacity. We have recently had this gin overhauled by a first class man. Have put in several thousand dollars worth of new machinery and I don't think there is a better equipped gin in the south.

If interested see me at once as we expect to sell within the next few days.

I also have a good blacksmith and repair shop, storage warehouse, mule barns and three residences that I will sell at very reasonable prices and terms. If interested in these, call at my office before July 1st.

SYD. L. DODDS.

Frank, son of Assessor W. T. Coffey, has gone to France.

Misses Mary Everett and Ota Maddox left last week for Bowling Green to take a six months business course.

Mrs. Kittie M. Hara, of Memphis, visited Mrs. Ollie B. Davis this week. This was their first meeting in four years, and the husbands of both ladies are in the army. Mrs. Hara is a daughter of Bonnie Abernathy.

Pierson, the "Duck Man," says he will head a subscription list with \$5 for the purpose of buying and presenting to Robert Hutchens, father of the first Fulton county boy killed in France, a diamond service pin. His idea, of course, is to have a pin or badge suitably engraved and presented as a mark of respect and sympathy.

LYCEUM-CHAUTAUQUA-WAR

What President Wilson Has to Say About Two Great Institutions—War and Chautauquas.

We of the United States are going thru that panic and chaos quite characteristic of humanity anywhere when confronted and surrounded by changed mental and physical conditions.

We are running around in mental confusion and dropping our orderly plans for the future.

The Lyceum and Chautauqua movement just now is navigating these troubled waters. People in many towns are thinking that they cannot carry the war load and the peace load.

This is why President Wilson, the far-seeing Moses of the Twentieth Century, wrote a special letter to all Lyceum and Chautauqua workers in which he said, "Let me express the hope that you will let no Discouragement weaken your activities and that the people will not fail in the support of a patriotic institution that may be said to be an integral part of the national defense."

"We are a nation of over 100,000,000 people. If 5,000,000 even go to the fighting front, there would be left over 95,000,000 people. This 95 per cent will go right on living in houses, sleeping in beds, wearing clothes, eating and working. Every normal need will continue and will be supplied or the nation will drop that much efficiency."

The Lyceum and Chautauqua Movement is the right thing needed, along with the church and school. We are going to need spiritual food as much or more than physical food. We are all drafted, everything is drafted to win the war. Every man, muscle, dollar, acre, crust and lump of sugar is drafted. For until the world fire is extinguished, nothing is safe, if a fire

should rage a week we would make it our business to fight it. But we would eat, drink, rest and relax. President Wilson an extremely busy man, relaxes every week. He pulls down his desk and goes to fine amusement. That is why he is able to carry the tremendous load.

Do you want to know who always stays serious and can't relax? Go out to the asylum. There they are. Let us relax and stay sane. Relax that we may shoot harder. The Lyceum and Chautauqua are a part of the war work in every community to feed and enthuse the people and to help them relax.

Canada is setting us the example. Canada has given of men and treasure and sacrifice as we have never dreamed of giving. Yet Canada today is reaching out for the Lyceum and Chautauqua as never before.

Yet, war-weary, war impoverished Canada is welcoming the orator, the singer, the teacher as never before. Canada's mind is turning upward. Canada's message to us is "carry on."

We are glad to say that Henry County is to have Chautauqua again this season, and that 53 men and women signed a contract last June for the return. Every one of these is willing to take off his coat and make a strong pull to make it a success. The date is June 25th for five days, and the program is the most wonderful ever offered to a Five Day Circuit. The tickets will remain the same as last year—\$2.00 for adults and \$1.00 for children under 14 years of age. A season ticket will admit the bearer to every number.—Henry County Local.

One of the leading merchants of Hickman tells us that clothing—in fact merchandise generally—is gradually becoming more difficult to secure, and that the quality is dropping down, while prices advance. In his opinion, one will make no mistake in purchasing now staple goods for future use, as the saving thus made will be equivalent to mighty big interest on the money thus invested. There is also the possibility that many items, now offered for sale, will be entirely off the market in 1919.

Y. W. M. S.

It is indeed pleasing to know that so many of the girls and young women of the Methodist church have expressed a desire to organize a young woman's missionary society. We appreciate the beautiful spirit of those who said that they would not be able to attend many of the services, but have offered their names for membership and as subscribers for our splendid monthly magazine, "The Missionary Voice," fifty cents a year, which we shall endeavor to place in every Methodist home.

We had planned to have Mrs. R. N. Phipps, of Fulton, our conference corresponding secretary, to address us next Friday, (tomorrow) at 3:30 p. m. and conduct the organization, but she is unable to come and appointed Miss Clara McConnell to fill her place.

Horace Bushnell long ago published the following list of excuses for the people who belong not to the mission, but the omission band. The following persons are excused from giving to missions: The man who believes that the world is not lost and does not need a Savior. The man who believes that Jesus Christ made a mistake when He said "Go ye into all the world and preach the gospel to every creature." The man who believes the gospel is not the power of God and can not save the heathen. The man who wishes that missionaries had never come to our ancestors and that we, ourselves were still heathen. The man who believes that it is every man for himself in this world, who, with Cain asks, "Am I my brother's keeper?" The man who wants no share in the final victory. The man who believes he is not accountable to God for the money entrusted to him. The man who is prepared to accept the final sentence, "Inasmuch as ye did it not unto one of the least of these, ye did it not unto me."

Another excuse of today is that they have not the time or money because of the Red Cross and the Y. M. C. A. We cannot be truly missionary unless we do what we can in service, money and prayer for the boys who are sacrificing their lives for us in this religious war and unless we do what we can for the sufferers of France and Belgium. But we ask for some of the time and money that is spent on selfish indulgences, the things that will not count for the glory of God in eternity.

Why organize? Because it is educational. There is strength in unity. Come and bring some one with you. There is an electric fan at the church. Clara McConnell.

JOHN IS MAKING GOOD.

The many friends of John Meacham formerly of this city, now of Seaboard, Miss., will be pleased with the following clipping from the Meridian (Miss.) Star:

A few years ago Messrs. D. O. Meacham and sons moved here from Hickman, Ky. Buying almost the only available farm then for sale and what was called about the poorest in this section they built a handsome home and went to work with a determination to "win out," and to see the place today one can really see that demonstration, together with constant labor, and supervision of all work done on the place has won for them.

Fifty acres of the finest oats ever raised in this section are bending beneath their heavy heads, almost ready to cut, many acres of vigorous looking young corn give promise of a bountiful yield, fine stands of cotton are also up, not to speak of the splendid prospect for beans, (velvet and soy), peas, sorghum, rape, etc. Mr. John Meacham, one of the sons, has entire control of the plantation. He has a fine herd of cattle and pure bred hogs, in addition to his work stock. A large silo provides food for the stock in winter, fine ponds of water, large barns and a dipping vat are among many of the improvements. A fine orchard laden with fruit gives promise of plenty of material to keep the ladies of the house busy canning this summer. Their garden is unusually early, cabbage heading now, and other things in proportion. Mr. Meacham has had about five hundred bushels of corn for sale this year, also many bushels of beans, peas, oats, etc.

T. E. Andrews has been on the sick list this week.

Dolly Varden Candies—none better—at Hickman Drug Co.

W. E. Lynch, wife and children left Sunday for Nashville to make their future home.

Mrs. J. M. Reid has returned home from a visit to her sister, Mrs. Bettie Gardner of Fulton.

Percy Jones, B. G. Hale, Sr., and Ben Mayers motored to Paducah Sunday and spent the day.

Messrs. Felix Gossum, Hugh Alvey, Gus Farmer and Leon Ryan spent Sunday with Misses Bess and Lois Choate, Camille Barrett, and Annie Lee Brown.

COUNTY POOR FARM.

Under the careful and economical supervision of Magistrate Seth Pewitt, the county farm, or poor farm, has been brought up to a state of repair and improvement that makes it habitable; puts it in shape for its intended purpose and it is no longer a "white elephant" on the hands of the county authorities and taxpayers. In fact, the farm will be ready for occupancy about the first of the coming month, and the Fiscal Court will then be able to send all charity wards to the farm as the first step in giving them assistance. Some will refuse to go—so much the better; they will disqualify themselves and there for charity. Others will go, and will cost the county far less than heretofore. The new buildings erected on the place will accommodate about 40 persons, which, it is to be hoped, will be ample capacity for all demands. Pony Perry, an absolutely reliable and trustworthy gentleman, will personally supervise the county colony.

Mrs. C. T. Bondurant delightfully entertained a few of her friends Thursday afternoon from 4 to 6 at 500. The house was decorated in pink flowers and the place cards were hand-painted with pink roses. At the close of the game a delicious salad course was served, and salted nuts in pink baskets. Those who had the pleasure of enjoying Mrs. Bondurant's charming hospitality were Mesdames Bob Coffey, Ed Rice, Karl Tally, Jessie Dillon, Henry Sanger, Guy Hale, F. M. Mad-Joe, Brantly Turpin, A. S. Burnbaum, C. M. Reynolds, W. B. Amberg, Russell Johnson, Ellis Dobson, S. D. Stenbridge, Milton Spradlin D. M. Choate Mack Reid, Nora Powell, Misses Frank and Carrie May Reid, Bettie Louise Curlin, Celeste Roberts, Annie Lee Brown, Nellie Bondurant; out of town guests, Mrs. Elsie Blanchard, of Clarksdale, Miss.

BIG MINSTREL COMING.

The Old Kentucky Minstrel, one of the oldest and most popular colored minstrels now before the public, have arranged to give a performance here on the night of June 25th, which is next Tuesday night. This is not a new show to this community but they have been here several times and always made good, having a good band and show. So it is safe to assume that their tents will be well filled next Tuesday night. They will give their parade about 2:30 p. m. owing to getting in late on the C. M. & G.

IN MEMORIAM.

The death angel visited the home of Mr. and Mrs. Jas. Holcombe Saturday at a few minutes past 12 o'clock and took from them their baby, Mary Martha. She was born April 15, 1908, and departed this life June 15th, 1918, making her 10 years and 2 months old. Some time ago she joined the M. E. Church South and since has lived the life of a perfect christian. No cripple was passed by and the sorrowing were always comforted by little Mary. Oh! we know she is resting and we feel that God took her for some good.

Though our darling's life was short it has been a blessing to all who knew her. From her infancy she was a lovable child, always kind and affectionate, never murmuring at her suffering, which we know was great indeed.

We cannot but feel that God spared our darling much suffering and pain by taking her while she was yet young.

Now bear up, dear ones, be brave and live a straight, pure life, that you may be with little Mary Martha in the world of Paradise.

Though your little eyes are closed dear, and your little lips are sealed, there's a feeling that you're ever near. Oh! we know that you are happy while our sorrow here is great, we'll be with you, darling, some sweet day.

We wish to thank our many friends for their extreme kindness during the illness and death of our beloved baby. May God's richest blessings be rested upon you, and you spared the sorrow that is ours. We also wish to thank our friends for the beautiful floral offering.

Jas. Holcombe, wife and mother.

CLOTHES AND ART

Garments Were Never More Becoming and Graceful.

Fall Styles Have Been Receiving Some Attention, but No Change Has as Yet Been Sighted.

Women are now wearing the most becoming, the most graceful and generally the most artistic clothes that they have ever been given by style creators. Why under these circumstances they should ever pine for a change of style.

Tailored Frock of Navy or Black Satin With Colored Vest.

houette it is difficult to understand, declares a fashion authority. They apparently do, for every advance style bulletin heralding a possible change is eagerly read and the new styles promised awaited with breathless interest. The experience of the past two years has been that every heralded change of silhouette has proved a false alarm, and from present prospects the rule will hold good during next fall and probably during the winter. This is looking a good way ahead; but fall styles are being discussed somewhat, and no change has as yet been sighted. Straight and narrow seems to be the rule.

The dress sketched, made of black satin for first preference, is cut on straight and narrow lines, and would be an excellent and very serviceable frock. It is very simple and depends for distinction on good tailoring, and on the selection of the material for vest, collar and undersleeves. Crepe de chine, faille silk, heavy silk crepe or plain satin, either in white or a light shade such as blue, corn color, etc., may be used.

The wide sash is caught with a large flat buckle at the back, the sash ends falling nearly to the edge of the tunic or overskirt.

Navy blue satin might be used for a frock of this type with good effect, with vest, collar and sleeves of blue and white printed foulard. As the season advances silks continue to be more and more used for outer garments of all kinds, with serge and kindred wool materials as the trimming rather than the other way about, as was formerly the custom. The continued and increasing demand for wool for army use makes it seem safe to predict that heavy silks and satins will play an important part in the development of garments for next fall and winter.

From Triangle of Chiffon.

Take a triangle of chiffon about 44 to 48 inches on each side. Edge it with lace, a pretty silk lace edging about three inches wide, slightly gathered around two whole sides and to within twelve inches from each end on the third side. Attach half a yard of ribbon to each of the corners where the lace ends. Can you begin to guess what it is? Why the cutest little "matinee" you ever saw in your life. The side where the lace is attached for about twenty-four inches goes around the neck, the plain edges cross surplice style, the ribbons on the two corners tie in a sash bow at back, a little French bouquet of flowers ties the edges together under the arms to make sleeves, and the third point falls down the back and is held in place by the sash. It's so easy to make and it is the cutest little thing to wear that you could imagine.

Silk Will Still Be Popular.

As the season advances, and new garments suggesting what next fall will divulge in the way of clothes are shown, it is evident that silk fabrics will continue to play a very important part. Wool is now the luxury and silk quite the everyday fabric, rather than the other way about as was formerly the case. Silk dresses are trimmed with scant allowances of wool.

FIRST TO DIE.

Hutchens, of Hickman, First Fulton County Boy Killed in War.

Private George Dewey Hutchens, of Hickman, who was killed in action in France, is the first Fulton county boy to die on the field of honor; the first victim of Hun bullets. According to a telegram received by his father J. R. Hutchens, last Friday, his son made the supreme sacrifice on May 27th, this telegram reads as follows:

"Deeply regret to inform you that Private George D. Hutchens, machine gun battalion, is officially reported as killed in action, May 27—McCaig, the Adjutant General."

The entire county mourns with the bereaved father in the loss of his son; not only because he has been the first of OUR boys to fall, but because Dewey was a dutiful and only son, honorable, manly, and was among the first to heed his country's call.

Young Hutchens volunteered for service with a machine gun company on April 25th, 1917, enlisting on the day he was 21 years of age. He was

assigned to Co. D, 2nd Brig. M. G. Bn., and went to France in July, 1917. It is needless to add that men in this branch of the service must face the greatest perils. While no official news comes concerning the particulars, it is natural for us to infer that Private Hutchens was one of the boys who stopped the German hordes from overrunning and debauching Paris in their recent great offensive. History may tell us later how this boy distinguished himself, how he died in heroic action—as becomes a Kentuckian—and with honor to himself and his native state, but for the present—we only know that he has fallen; that his body reposes in sunny France, far from his old home and loved ones.

For you our dead, beyond the sea, Who gave your life to hold us free, By us, who keep your memory, What can be said?

We cannot sing your praises right, Lost hero of the endless fight, Whose soul into the lonely night, Too soon has fled.

We can but honor, cherish, bless Your memory; no words express The measure of our thankfulness, To you—our dead.

Intermarriage of Races. There is plenty of historic precedent for the intermarriages of warriors and the women of the lands they enter. Consider the Roman legions of Trajan and Titus, quartered in Scythia, and the native girls of the district. This resulted in the race of Romanians, who claimed to be the purest descendants of the race of the Caesars.

RATES GO UP.

Fire Insurance Rates up 10 Per Cent After July 1.

The local insurance agents have received notice from the Actuarial Bureau of Kentucky that on and after July 1, 1918, all fire and tornado rates, excepting farm property and autos, will be advanced 10 per cent over the present rate. The higher costs of doing business, resulting from war conditions, are given as the cause of the advance; yet this is very little consolation to the public, which is already suffering from high prices. The advance means hundreds of additional dollars out of the pockets of our citizens.

Program of Music and Drama at the Chautauqua

Music and drama of worth will be presented by the Paramount Entertainers on the fourth day of the Chautauqua in a decidedly unique and highly successful program. There are three people in the organization and their program is highly varied.

Dorothy W. Sass, reader and accompanist, is a young woman of very attractive personality, with which is coupled a striking ability as an interpretive reader. She has studied play coaching under Mrs. France, formerly associated with Edwin Booth, and has had stage experience with Eastern companies.

Minard Lozier, dramatic tenor, possesses an excellent singing voice and has studied extensively with such teachers as Van Valkenburg, Mohan, Savage and Arens. He is well known in New York as a church soloist.

Norma Bosson, violinist, has been appearing in public recitals since she was ten years of age. Her playing has a charm and sympathy that reaches the heart, and this personal note, combined with her free, masterful technique, makes her work most effective.

In addition to the musical numbers and readings one or more dramatic sketches will be given, making their diversified program of music and entertainment one of real artistic value.

THE TWO FISHERMEN.

A barefoot boy,
A white birch pole;
A can of worms,
A swimmin' hole,
A baited hook,
A tug and swish,
A steady haul,
A string of fish.

FLAG DAY CELEBRATION

The Hickman Lodge No. 1294, B. P. O. Elks, Flag Day celebration was indeed one of the best in the history of the Lodge. Exalted Ruler H. C. Barrett, presiding, the exercises as given in the Elks ritual was carried out. Judge W. J. McMurtry read the history of the flag, and Judge B. T. Davis read the Elk's Tribute to the flag. Mrs. Harry Threlkeld, sang "Columbia the Gem of the Ocean," and Miss Marguerite Fuqua sang "On the Road to Home Sweet Home," a beautiful patriotic song, with Miss Virginia Crain at the piano.

The floral bell of liberty was erected upon the altar by the officers with a beautiful and impressive ceremony.

The Exalted Ruler then introduced Rev. J. B. Robinson, of Fulton, who in his patriotic and impressive manner, delivered the principal address of the evening.

The benediction was announced by Rev. W. F. Remenberg.

Spana Vista—a 10c Cigar for a jitny

Your favorite, standard family remedies, including the great Rexall line at the Hickman Drug Co.

Syd L. Dodds has returned from a few weeks stay at Clarksville, Miss. He left here on the sick list, but has been greatly improved by a much needed rest.

Mr. Groceryman: The food administration requires that you take signed pledges from customers who buy sugar for canning purposes. The Courier can furnish you these forms on short notice at a reasonable price, with your firm name printed in the card.

WHEAT AROUND \$2.00

The farmers of this section have about finished harvesting one of the best wheat crops (on an average) they've had for years. They will probably realize about \$2 a bushel for it when placed on the market.

The present price as fixed is \$2.20 per bushel at the principal markets, of which St. Louis is one. The freight, charge, which has just been raised 25 per cent, and whatever commission the buyers claim as their profits for handling, will be deducted from this price, hence it is figured that between \$2 and \$2.10 is the maximum that farmers may expect. Local grain men think that \$2.05 will be the maximum, and possibly a little less.

UGH! CALOMEL MAKES YOU DEADLY SICK

Stop using dangerous drug before it salivates you! Its horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

Miss Virginia Luten has returned from a visit with her brother, Dr. Drew Luten, who is now stationed at the Great Lakes Naval Station, near Chicago.

In every home where there is a baby there should also be a bottle of McGEE'S BABY ELIXIR. It may be needed at any time to correct sour stomach, wind colic, diarrhoea or summer complaint. It is a wholesome remedy, contains no opium, morphine or injurious drug of any kind. Price 25c and 50c per bottle. Sold by—Hickman Drug Co. Adv.

Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Thedford's

Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c a package. E-75

VICTIM TYPHOID.

Little Mary Martha Holcombe Dies Following Short Illness.

Little Mary Martha Holcombe, age 10 years and 2 months, died at the home of her parents, Mr. and Mrs. Jas. Holcombe, in East Hickman, Saturday afternoon, following a brief illness of typhoid fever. The little form was tenderly laid to rest in the city cemetery Sunday afternoon. Funeral services were held at the home at 3:30 by Rev. R. C. Douglass, of the First Methodist church, of which the little lady was a member.

In the loss of their only child, Mr. and Mrs. Holcombe have suffered a great sorrow and have the sympathy of their friends. Their little daughter was an unusually bright, pretty and winsome little lassie.

SCHOOL NOTES.

Interesting School Items by Miss Virginia Luten, Co. Supt.

The War Savings Stamps Campaign is being organized by school districts, each of which is assigned a definite quota. Every trustee in the county is expected to aid in this drive in every way possible and to give publicity to every meeting held in his district, or community. Each district has a committee of men and also a woman's committee. Each family is to sign a pledge stating the number of stamps they are to buy during this year. Mrs. Robert Redfern, of Fulton, is chairman of the woman's committee for the eastern end of the county including Jordan district. The writer is chairman of the woman's committee for the western end of the county including Cayce district. Knowing that it is not only our patriotic duty to buy war savings stamps, but that it is a good investment as well, we are assured that every community is going to respond gladly. Elsewhere in the Courier is a list of all district chairmen.

The majority of the schools in the western end of the county will begin July 1st. We are still needing several teachers for Division No. 4.

Miss Alma Givens has resigned her position in the Fulton High School and Miss Gordon, sister of our County Agent, has been elected to take her place.

AN ENJOYABLE AFFAIR.

An enjoyable affair of the past week was the "500" party given on Friday evening from eight to eleven by Mrs. Brantley Turpin, there being five tables. The color scheme was pink, the house being decorated in sweet peas and other cut flowers, the color scheme being carried out in the unique place cards which were pink flower boxes, containing one stalk of pink flowers, the box filled with chocolate mints. A salad course and grape juice were served.

The guests were Mesdames A. S. Birnbaum, Henry Sanger, Swayne Walker, R. B. Coffey, Tom R. Powell, C. T. Bondurant, Jessie Dillon, Ferd Maddox, Edward Rice, Delbert Choate, Milton Spradlin, B. G. Hale, Karl Tally and Mrs. W. B. Amberg, and Misses Mildred Ramage, Celeste Roberts, Camille Barrett, Annie Lee Brown, Carrie Mae Reid, Betty Louise Curlin and Frankie Reid.

FEWER SHADES OF SHOES

Only Two Tints of Brown and Two of Gray Since Colors Are Under Government Orders.

Milady's dainty foot will no longer be clothed in the filmy, silky-soft shoes tinged in shades as brilliant as the autumn leaves. The colors have gone under government orders—only two shades of brown and two of gray—and for the first time their absence will be noted in the late summer and fall.

The popular champagne, pearl and tints from blue to gold so varied as to match any gown perfectly—too perfectly to be sensible, many husbands think—will be a thing of the past, a beauty gone forever. But the shoes, in their attempts to keep up with milady's skirts, have won out. They are only limited to nine inches, for to bring the skirt down to the shoes would be more wasteful than to bring the shoes up to the lower end of the skirts, say the wise economists.

But cloth uppers for women's shoes are coming more in vogue. But don't applaud, fond husbands. That does not mean that such shoes will be cheaper. Not at all. Dealers state the better class of cloth is just as dear as the best of kid.

They will come into vogue for a very simple reason. Cloth uppers follow the contour of a well-turned ankle and throw into relief the myriad curves of slenderness and gracefulness to delight the owner as well as artistic on-looker. And Mother Eve never forgot a good bet yet.

Withal the shoes will be more sensible, look more like shoes than kid gloves and despite the soaring cost of the finer grades of leather not much dearer than last winter in the opinion of the larger shoe dealers.

DOVERT CLOTH COATS AGAIN

Style of Years Ago Revived, but Slimness Marks Lines That Were Pronounced in Days of Yore.

Here it is again, almost exactly like what it used to be a dozen years or so ago when dovert coats were the ne plus ultra of spring smartness!

Here it is, in the attractive light tan dovert color, with smooth, crisp lines and with seams emphasized by bias strappings of the material—just a replica of the coat you possessed, and took such comfort in years and years ago.

At least that is what you think when the saleswoman brings it out and assures you it is the very latest thing from Paris and a sensation of the spring openings. But when you put the coat on you realize that your silhouette does not look at all like that silhouette of yore dovert-coated.

Then you had pronounced curves—a bust and hips. None of these are noticeable now, in the new Paris-inspired dovert top coat.

Its lines are slim and svelte with a beautiful flatness down the back and over the bust, and it has the same pleasant crispness and freshness of suggestion that made it so admirable a garment for spring wear, when it was in fashion years ago.

Small doubt that the dovert top coat will find immediate favor when it has really established itself as a spring arrival.

SLEEVELESS SPRING JACKET

Sleeveless jackets are relieving the strain that the continued use of sweaters and country coats entails when the girl who goes in for sports chooses her spring and summer wardrobe. Velours waistcoats like the one pictured here will be very popular this season, for they combine the maximum of comfort with the maximum of style. This one is fabricated in black and white, is cut square under the arms and buttoned at the sides. The waist is held by a narrow belt.

Pony Jackets Are Worn.

Pony jackets are almost as popular as Eton jackets. The pony jacket falls in straight lines to the hip, whereas the Eton is chopped to just above the waistline. With the pony one wears a low girdle or sash, showing on the hip, below the jacket edge; with the Eton the sash is a girdle, snug and trim about the normal waistline. Pony jackets look well with the new long-waisted blouses, ending in a low belt or sash at the hip. Some of these blouses are of satin with bead embroidery on the front, and the bright touch of color is very effective under a pony jacket of dark serge; the jacket, of course, matching a serge skirt on straight and slender lines.

MEMPHIS WOMAN GREATLY HELPED BY VIN HEPATICA

Had Suffered Severely With Weak Back and Run Down Condition.

Mr. J. Q. Kline, 926 New York Ave., Memphis, Tenn., said to Mr. E. C. Philpot, at the Weiss' Pharmacy, Main and Union Sts., that his wife had gotten so much better as a result of the great Vin Hepatica prescription.

"She suffered severely with her back and kidneys. The soreness was so severe that she couldn't lay in one position but a short while, was all run down and weak."

"I saw in the papers what Vin Hepatica was doing for others, and I decided to have her try it. After taking one bottle the soreness is entirely gone, she doesn't suffer at all, and rests well at night. She is going to keep on taking it, for it is improving and building her up so fast."

This same kind of testimony is coming in from all directions. Vin Hepatica is a great medical prescription for the weak and run down. It is composed of eight of the finest herbal remedies known to medical science for the toning up and cleansing out of the system, giving strength to the weak, relieving indigestion and other ailments arising from disordered liver, stomach, kidney and bowels.

SAVE MATERIAL.

Shoe and Clothing Styles are to be Reduced in Variety.

Necessity for war time conservation of wool and leather will be further reflected in civilian footwear and men's clothing for next spring trade.

Restrictions on manufacturers announced by the war industries board are expected to effect a substantial saving of leather and cloth so necessary for the nation's ever increasing force. Both quantity and style will be affected.

The highest of women's shoes are to be reduced to a maximum of eight inches from the heel to top, with the same maximum for over gaiters or "spats."

All shoes, both leather and fabric, will be restricted to black, white and two colors of tan. Patent leather will be black only.

Some manufacturers may not, for the next six months, introduce, purchase or use any new style lasts.

Marked changes are prescribed for men's clothing. Sack coats will be shorter, with a minimum of 30 inches for 36 sizes and half inches added for "longs."

Double-breasted overcoats will be eliminated and the length of top coats will be a minimum of 43 inches for 36 sizes and two inches to be added for "longs."

Only three outside pockets will be allowed in sack coats and facings will not exceed 4½ inches.

Side and back straps and flaps of trousers are to be eliminated, and no reinforcement of trousers can be made with wool cloth.

No more than ten models of sack suits are to be put out.

The maximum length of raincoats fixed at 48 inches, while the maximum width of collars will be 3 1-2 inches. All double coats with detachable linings for civilian use are to be eliminated.
